

Be part of this
once in a lifetime opportunity.

The Monterey Horse Park is being developed to serve as a venue for all 8 FEI disciplines, including combined driving and para-equestrian events. It will also provide a venue for pleasure driving events, driving horse and pony breed shows and western competitions.

A nonprofit corporation, Monterey Horse Park's mission is to preserve open land for public recreation and to create an international center for equestrian training, competition and education.

Visit www.montereyhorsepark.org for additional information about the Monterey Horse Park development plans, timeline, activities and opportunities to contribute or email info@montereyhorsepark.org
